Please provide comments regarding your experience on this unit:

Overall had a good experience on this floor; there were a lot of learning opportunities

The staff on 6M were excellent!

Loved 6 main! Some nurses were older and had been there a long time and did not really want to take time out to teach you or show you anything. They would have rather have done it themselves but nurses like Alex and Morgan were great! Alex took time out to show me everything and It was so helpful and honestly something I will never forget.

This Unit was amazing! All the nursing staff, techs, and other healthcare professionals were always so open to teaching us. I only wish we had more time here!

great floor

I absolutely loved being on this floor for clinical!!

6 Main was amazing!

It was cool

amazing!

This unit is a great place to learn because 1) the facility is modern and clean; 2) there are a lot of patients with a wide range of medical conditions; 3) the nurses are usually friendly and helpful.

I loved working on 6 Main. All of the staff were very open to letting the students get their experience in.

The unit was great. I wish I had more time on 6M. Was probably the best clinical experience I have had so far.

6 Main is a great place to learn. There are so many different things to see and try every day.
